

## When We Talk Whittall Rugs

We want you to know what we are talking about. We always feel that we can talk pretty big when we get on this subject, because we know, no matter how much we say, we cannot exaggerate their good qualities.

1. The Whittall line of Rugs and Carpets is the finest made in America.
2. Every rug and yard of carpet is made on honor and every rug and yard of carpet bears the trade mark "Whittall's" woven into its back—the trade mark is the proud guarantee of the manufacturer.
3. The materials and workmanship that go with these rugs are unequalled.
4. The dyes are tested in thirty days' direct sunlight, and no dye that will not bear this test successfully is used in the manufacture of Whittall goods.
5. Their reputation for beauty and splendid wearing qualities is world-wide.
6. The line is large and contains just the rug you want in just the size and quality you want it and at the price you can afford.

We show the largest stock of WHITTALL RUGS in this section of the country. We are anxious to add our personal guarantee of excellence to that of the manufacturer.
